## EXPERIENCE

### Executive Researcher, Mercuri Urval AB - 07.2018 - 05.2020

Headhunting, Executive Search and professional recruitment of manager, specialists and sales roles in varying sectors. Was responsible for the research part of the projects which included market analysis, candidate/competence sourcing, requirement profiles, job advertisement, client and candidate contact, phone meetings, selection of applicants through review of their resumes, letters and phone interviews. Presentation of chosen candidates, directly to client or the recruitment consultant.

### Team Operations Coordinator, Mercuri Urval AB - 11.2017 - 05.2018

Administration and coordination of recruitment projects; handled invoices, communication with candidates and booking of meetings, reports regarding project related expenses. Support to colleagues, clients and candidates. Followed-up on old projects and invoices etc.

### Office Manager (interim), Mercuri Urval AB - 08.2017 - 11.2017

Interim position. I was responsible for the reception, purchases of office materials, handled the contact with suppliers. etc.

### Staffing & Recruitment assistant, Academic Work - 02.2015 - 08.2016

I was part of the IT/Tech Team as a part-time job during my studies. I supported the recruiters in their processes, wrote job adverts, reviewed applicants and selected the best match and performed phone interviews and face2face meetings.
